PEARY'S PARTY SAFE.

The Explorers Reach St. John's,
N. E., on the Whaler Kite.

One of Their Number, M. Verhoest,
Lost and Left Behind.

The Relief Expedition Found Them
in the McCormick's Bay Camp.

(SPECIAL TO THE EVENING WORLD.)
St. John's, N. E., Sept. 12.—After a journey
of over a year in the Arctic regions, Lieut.
Peary and the members of his party of ex-
plorers, with an exception, have returned
safely and in good health to the world of
civilization.

LIEUT. ROBERT E. PEARY.
The one exception is John M. Verhoest, a
young mineralogist of Louisville, Ky., who
had contributed his services and \$2,000
towards the success of the expedition. He
left the party in July last on a geological
expedition and was never seen again. An
unsuccessful search, lasting over a week, was
made for him, and then the explorers were
reluctantly forced to the conclusion that he
had fallen into a crevasse in the ice fields and
perished. Mr. Verhoest was a graduate of
Yale.

THE RELIEF EXPEDITION.
The relief expedition sent out by the Pan-
dolph Academy, and which was headed by
Prof. Angelo Heilprin, returned with the
Peary party on the whaling steamer Kite, the
same vessel that carried the exploring party
into the Arctic region. Neither expedition
suffered any regular hardships, the relief
expedition finding the Peary party ex-
pected, in camp at McCormick's Bay.
During the stay in the frozen regions Lieut.
Peary made frequent excursions through
Greenland and into the inland ice-fields, one
of which the party travelled over 1,500
miles on sleds. The discovery thus made
will add much to our geographical knowl-
edge of that part of the world.
Throughout the expedition, a large
collection of land and water mammals,
birds, fish and skeletons, a large
variety of birds and submarine plants, a
rare collection of flowering plants, mosses,
lichen and insects, and of ethnological speci-
mens.
Mrs. Peary met the discomforts of the ex-
pedition with such cheerfulness and bravery
that she is regarded as a heroine by all the
members of the party.

TO CIRCULATE NEW MONEY.

How the Treasury Proposes to Util-
ize the G. A. R. Encampment.

(BY ASSOCIATED PRESS.)
WASHINGTON, Sept. 12.—An order was
issued a few days ago by Mr. Leach, Director
of the United States Mint, to have coined
at once \$100,000 in silver half dollars for use
in Washington during the Grand Army En-
campment. This is a supplemental order to
others given for a large amount of dimes and
five-cent pieces to be minted for the same
purpose.

Frederick Nebeker has ordered an unusu-
ally large amount of small notes to be pre-
pared by the Bureau of Engraving and Print-
ing. The purpose of having the great supply
of new coins and Treasury notes on hand is to
enable the visitors in the city at the time of
the Grand Army Encampment to exchange
worn-out small change and bills that are
likely to bring with them for something clean
and handsome.
The merchants and others of the city have
been notified that they can get new money
with which to make change while the ven-
ue is here, so that the latter can take
home with them some practical souvenir of
the capital city.
The idea is not only to benefit the veterans,
but to get in a lot of worn-out bills that, in
the natural course of circulation, would not
reach the Treasury for years to come, and in
the process of it to get into circulation all over
the country new, clean money.

JOHNSTON & CO.'S BIG ROBBERY.

Errand Boy Accused of

Stealing \$3,000 Worth of Goods.

The facts in the reported robbery of the
Union Square jewelry house of J. H. Johnston &
Co. leaked out today.

Albert Adatte, a lad of fifteen years, who
had been an errand boy for the Johnsons for
two years, about a month ago, when he
was discharged for some petty fault, is
locked up in Jefferson Market prison.

The firm had been missing numerous
watches and diamonds for a while. When
shortly after Albert's discharge the firm
heard of him at Westchester Park, Pa.,
where he was having a display and display-
ing five watches and diamonds.

John H. Johnston, the head of the firm,
went to Westchester, Pa., and found Albert
Adatte to return with him.

The lad protested his innocence, but he was
compelled by Judge White for examination
in default of \$2,000 bail. He lived with his
parents at 67 Madison street.

At the Johnston establishment it is said
that young Adatte had stolen \$3,000 worth of
goods, and that some of the jewelry was
found in his possession.

KILLED ON A TROLLEY CAR.

It Jumped the Track and Caused
the Death of a Passenger.

(BY ASSOCIATED PRESS.)
LONDON, Sept. 12.—The rear car of an
overland train of two cars, the last but
Electric Street Railway, going an ordinary
speed, jumped the track last night in passing
over a switch which connected a horse-car
track with the electric road.

A well-bound car was approaching on the
other track at a good speed. The rear car of
the overland train ran north onto the
other track in front of the horse-car coming
west. The platform crashed against the
motor, and an unknown man standing on the
step was killed.

MURDER IN CHOCWAT POLITICS.

Four Indians Shot Down by a Body
of Unknown Horsemen.

(BY ASSOCIATED PRESS.)
MONTREAL, Sept. 12.—Four Cheviot
Indians were shot and killed near Harbourside
yesterday by a armed body of unknown
horsemen. The cause of the killing is said to
have been a difference in Indian politics.
The murders have caused intense excite-
ment, and it is now feared that the govern-
ment will have to send troops to preserve order.
